

## Newsletter June 2015

Welcome to our June 2015 newsletter. 1st June 2015 marks 15 years since C&O Tractors took over from Stanley Pond Ltd and became the local New Holland dealer; a milestone worth celebrating. During this time as a group we have sold thousands of New Holland tractors, increased our reach beyond Dorset, Wiltshire and Hampshire to also serve customers on the Isle of Wight and West Sussex, secured the contract to regularly supply and service 300 tractors in the Chichester area and extended our machinery range to offer a great selection of high quality products.

None of this would have been possible without the support of our customers. On behalf of C&O I thank you for your business over the past 15 years and hope that we can continue to serve you in the future.

*Andy*

## Prize Draw

To celebrate 15 years of C&O Tractors we are giving away 15 bottles of Dorset sparkling wine, produced by Langham Wine Estate. The first four bottles will be given to a customer from each depot. Visit the Parts Department of your local C&O to enter the draw. The four winners will be drawn at random at the end of June.

Keep a look out in our stores and on facebook & twitter for details of further promotions and competitions taking place throughout the summer and you could be enjoying a bottle of Dorset's finest bubbly.

# T6 4 & 6 Cylinder

## OUT WITH THE OLD, IN WITH THE NEW!

## THE 2015 NEW HOLLAND SPRING CLEAN

**NOW  
EXTENDED  
UNTIL  
JUNE 30TH**

Struggling with an unreliable, fuel-thirsty and expensive-to-maintain tractor? Upgrade to a new New Holland model before the end of June. You'll get up to £2,000 extra on your trade-in. You'll enjoy state-of-the-art fuel economy, reliability and performance. And you'll have a tractor that earns you money rather than costs you.

## UP TO £2,000 EXTRA ON YOUR TRADE-IN

When you exchange your old tractor for a fresh new model

Terms and conditions apply. Offer applies until June 30th 2015. Trade-in must be less than 20 years old. Valid when purchasing the following New Holland models: T4, T4 F/N/V, TD5, T5, T6, T7, T8. For further information contact your local dealer.

# Protect your machinery **BIG** & small

Theft of tractors, machinery, quads and tools from farms, workshops, sheds and vehicles is a serious problem. Tracking devices are an effective way to help protect your investment. Last month Avon and Somerset Police recovered two quad bikes within hours after they were stolen from farms in Somerset. Both bikes were found using tracking technology. As well as reducing the chance of your machine being stolen and raising the chances of stolen machinery being recovered tracking devices also reduce your insurance premiums.

**A range of options are available from C&O to protect your machinery.**

*Customers who insure with NFU are eligible for discount on datatag - details available from NFU members helplines.*

## **Tracker - Installed by C&O from £249 with additional annual subscription costs**

Tracker has been specially developed to protect unpowered or infrequently used assets to avoid draining the battery, Battery Powered TRACKER Retrieve has it's own power source and does not need to be wired into the electrical system of your vehicle. The unit is easy to fit and suitable for all kinds of vehicles and assets from quad bikes, horse boxes, combine harvesters and tractors.

### **Battery Powered TRACKER Retrieve features:**

- Patented VHF technology that can track stolen vehicles even when they are concealed in containers or lock-ups
- Long battery life with up to 5 years standby
- Offers high tech tracking that is not affected by signal jammers
- Nationwide support from the UK police force
- Tracking coverage throughout the UK, France, Spain, Poland, Italy, Holland and Luxembourg

## **Datatag – Installed by C&O for £120+VAT**

### **Electronic Security Identification System for Agricultural Machinery**

The CESAR Agricultural system is designed for machinery such as tractors, telescopic handlers, combine harvesters and includes the following state of the art technology:

- All NEW Datatag technology
- NEW unique electronic transponder combination (glass tag and button transponders)
- NEW Datadot's® with invisible forensic DNA
- NEW Unique Plant Identification Plate
- NEW Thatcham TQA approved
- Yearly insurance savings possible

**Datatag also produce systems for compact machinery, such as ATVs and attachments.**

## **Datatag for Power Tools & Small Tools - £26 +VAT**

Power tools and small tools are just as vulnerable to theft. C&O now stock Datatag's kit for small tools. Each kit contains 1000 datadots in a UV trace adhesive which can be applied to any part of the tool. The quantity of dots make it virtually impossible for criminals to locate and remove all the identifying microdots and easy for the police to identify. The kit also contains a Datatag tamper evident label with a unique id number, warning thieves that the tool is protected.

**In stock at Blandford – we can ship to other depots in 24 hours.**

# Harvest Hours

We aim to provide you with the best possible service during harvest and are extending our opening hours during the season. Harvest hours are weather dependent. Please call the Out of Hours/Assistance number to check the depot is open before making your journey.
