## Mzuri Drill Demo Plot Progress

C&O recently attended the Agrii oilseed rape day at Eastbury Estates, Stubbampton. The event was organised to give people a chance to revisit trial plots drilled on August 25th using a Mzuri 3T Pro Till seed drill into bare stubble.

The crop on the Mzuri trial plot is showing excellent results against several other manufacturers' test plots drilled on the same day. The progress of the trial plots will be reported on again in the New Year.
