## Cultivation Day Success - in spite of the weather

Many thanks to everyone who braved the wind, rain and cold to join the team from C&O Tractors and representatives from Mzuri, HE-VA, Teagle, Opico and Sky at the AGR11 In Field Cultivation event held at Tarrant Hinton, Dorset, in early February.

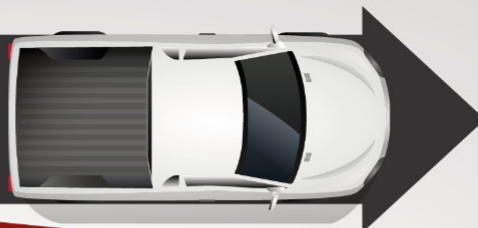

The wind helped improve ground conditions enough to enable cultivation and drilling to take place, with C&O demonstrating the Sky Easy Drill, Mzuri Pro Til 4 T, HE-VA Combi Disc and Teagle Multidisc Vario on Massey Ferguson tractors, with each machine demonstrating very well in wet and challenging ground conditions. View our facebook page and you tube channels for more pictures and footage from the event.
